1000+

KEY BUSINESS CHALLENGES :

- Web, iOS, Android, Web Services needed to be tested in short time interval
- Load testing of mobile apps
- Test coverage on mobile apps was limited as application was not loading properly on few devices
- Test strategy for integration testing was not available

SOLUTION :

- Developed 300+ functional test cases in short time
- Automated 43% of manual tests which significantly reduced time for regression test
- Automated load testing scenarios using Jmeter
- Integrated third-party tools like browserstack, simulators, emulators to increase test coverage through automated testing

Devstringx Technologies (www.devstringx.com), Leader in Independent Software Testing Services, is headquartered at Noida, India. Devstringx is ISO 9001:2015 certified and also a NASSCOM member. Devstringx has its own Mobile and IoT Test Lab.
